

# Egypt: The Nile Trail

Fam Trip - April 2022

Date and joining options

Several different options are available for tour operators and journalists, and are listed on the next page...

# This Fam Trip is unique in several ways

Firstly, unlike most Nile cruises, it starts in Cairo and takes in seldom-visited sites along the banks of the Nile.

Secondly, there are several choices as to the duration of the trip. The shortest duration is 9 days - between Cairo and Luxor. Alternatively, the full journey from Cairo to Aswan can be done as a trip lasting for just over two weeks.

Thirdly, you can take a partner, friend or family member with you at the same price of US\$499. Provided one person in each cabin is a bona fide tour operator or travel journalist, it's a rare chance to travel together on a Fam Trip to enjoy the incredible sites of Egypt over Easter.

Price of \$499\* per person. All transfers, meals, sightseeing, excursions and entrance fees as per itinerary are included (drinks or extras not included).

Plus the option of a 4-Day Red Sea Extension to Marsa Alam.
